About this record

Every change to the shared calendar in the period above, oldest first, exactly as both parents see it in the app: an event created, updated or deleted, and each hand-off a parent confirmed. Entries are numbered through the record so a change can be cited by its number.

An update lists what changed, with the value before and the value after. Removing many days at once, such as a recurring event or a custody schedule, is recorded as one entry stating how many days were removed and over what dates.

How this record was made

Kidtime generated this record on Sep 23, 2026, 1:07:40 AM CDT for Morgan Hale, from the records it holds for Hale & Whitaker.

Each change was made by the parent named on it and stamped by Kidtime's servers at the moment it was made; the times shown are the server's, not a phone's.

Entries cannot be edited or removed from within the app by either parent, and deleting an event does not delete its history.

Record ID 5p74mffw9teoc8av4h3td identifies this export. Kidtime keeps the original in the account's Files until it is deleted there; send the Record ID to hello@kidtime.app to confirm whether the original is on file and to compare this copy against it.
