About this record

Every message sent in Kidtime in the conversations below during the period above, oldest first, exactly as both parents see it in the app. Nothing has been left out or summarised.

Entries are numbered through the record so a message can be cited by its number. Each shows who sent it and the time it reached Kidtime, to the second, in the time zone above.

This is a sample record for a fictional family, published at kidtime.app/courts/records. Its Record ID is not on file.

Before September 17, 2026, a parent could edit or delete their own messages in Kidtime; since that date neither parent can. Messages from before then are shown as they stood on that date.

Seen marks a message the other parent had opened the conversation after it was sent. Kidtime records when each parent last opened a conversation, not the moment each message was read.

How this record was made

Kidtime generated this record on Sep 23, 2026, 1:07:24 AM CDT for Morgan Hale, from the records it holds for Hale & Whitaker.

Each message was written by the parent named on it and stamped by Kidtime's servers at the moment it was sent; the times shown are the server's, not a phone's.

Once sent, a message cannot be edited or deleted by either parent, and a parent cannot remove what the other parent has written.

Record ID hz4bloq713ckgu9t4bcl9 identifies this export. Kidtime keeps the original in the account's Files until it is deleted there; send the Record ID to hello@kidtime.app to confirm whether the original is on file and to compare this copy against it.

Heads up — runny nose started this morning. 5 ml children's ibuprofen at 8:15, no fever.
Bottle's in the front pocket of her backpack.

Thanks. I'll hold off on anything else and check her temp at bedtime.

Her cleats are too tight. I'll grab a new pair Saturday and log it, 50/50?

Yes please. Size 2 if you can — she measured a 1.5 last month.

Fall concert is Thursday the 24th at 6 in the gym. It's on the calendar, slip is signed and in her folder.

Hey — any chance I could grab Ellie at 2:45 today instead of 5? Work thing moved.
- 11 **Morgan Hale** 11:02:02 AM · Seen
Today's fine. Can we keep short-notice changes to once a month though? It threw off my whole afternoon last time.
- 12 **Jordan Whitaker** 11:05:49 AM · Seen
Fair. I'll give you a week's notice unless it's an emergency.

Mrs. Chen billed for the first four sessions, \$160. I logged it with the 60/40 we talked about.

Logged the trampoline party from the 13th, \$62 with the gift.

I passed on that one — we said birthday parties come out of whoever's weekend it is. Happy to revisit for the bigger ones.
- 19 **Jordan Whitaker** 9:33:19 PM · Seen
That's fair, forgot we agreed that.

Yes — the note came home the 14th, it's in Files. I flagged it for the pediatrician too.

Missed that, thanks. I see it now.

That's the best thing I've heard all week.

No problem, we're at the park anyway.
