About this record

Every note visible to Morgan Hale: the notes they wrote, including private ones, and the notes the other parent shared with them. It never includes the other parent's private notes. Entries are numbered through the record so a note can be cited by its number.

Each note is listed under the day and time its author dated it, with the author and whether it was private or shared with the other parent. Photos attached to a note are printed beneath it.

How this record was made

Kidtime generated this record on Sep 23, 2026, 1:07:36 AM CDT for Morgan Hale, from the records it holds for Hale & Whitaker.

Each note was written by the parent named on it, and Kidtime stamps the moment a note reaches its servers; that stamp is kept with the note and is not the date shown here, which the author chose.

Only the parent who wrote a note can change or delete it, and a private note is never visible to the other parent.

Record ID qq93eux4tit9qcgvlv1gt identifies this export. Kidtime keeps the original in the account's Files until it is deleted there; send the Record ID to hello@kidtime.app to confirm whether the original is on file and to compare this copy against it.
